CAREER OBJECTIVE

Motivated Computer Science graduate (B.Tech, 2025) with hands-on experience in Python, SQL, and data visualization. Seeking an entry-level Data Analyst role to analyze datasets, create insightful dashboards, and deliver actionable insights to support business decision-making. Passionate about data analysis, visualization, and building data-driven solutions using modern tools and technologies.

EDUCATION

Sri Mittapalli College of Engineering

Bachelor of Technology in Computer Science and Engineering - **CGPA - 6.93**

May 2025

Thummalapalem

Sri Chaitanya jr College

Higher secondary of Education - BIEAP - **CGPA - 8.07**

Mar 2020

Chilakaluripeta

Zilla Parishath High School

Secondary School of Education - SSC - **CGPA - 8.7**

Mar 2018

Ganapavaram

PROJECTS

Detecting Phishing URL using Machine Learning

Mar 2025

- Developed a machine learning-based system to detect phishing websites using URL features.
- Implemented models such as Decision Tree, Random Forest, and Support Vector Machine to classify URLs as phishing or legitimate.
- Evaluated and compared model performance to identify the most effective approach.
- **Technologies:** Python, Scikit-learn, Pandas, NumPy, Flask, BeautifulSoup, Whois API

INTERNSHIP

Product Line Profitability & Margin Performance Analysis

Mar 2026

- Built an interactive data analytics dashboard to analyze product-level profitability, regional performance, and sales trends. Identified key business insights and KPIs using visualizations and improved decision-making efficiency.
- Developed an interactive dashboard to analyze sales, profit margins, and trends.
- Visualized data by product, region, and time for better insights.
- Implemented filters to enhance user interactivity.
- Identified top-performing products and regions and improved data readability using optimized charts and layout.
- **Technologies:** Python, Streamlit, Pandas, Plotly, Power BI

TECHNICAL SKILLS

Programming Languages: C, Python, Java (basics)

Databases: MySQL, Oracle

Data Visualization: Power BI, Tableau

Web technologies: HTML, CSS, JavaScript

Version Control and Workflow Tools: Git, GitHub, Jupyter Notebook

RELEVANT COURSEWORK

HTML5 Language – Infosys Springboard

Machine Learning – BIST Technologies Pvt. Ltd

Current Semester – Condensed Matter Physics

Power BI – Novitech

PERSONAL TRAITS

Highly motivated and eager to learn new things

Strong motivational and leadership skills

Ability to work both independently and in a team

Quick and adaptable in dynamic environments
